(2) If by reason of the fact that no iron ore was produced or disposed of in any manner by the owner of a mine, or like wise no iron ore was received or no duty of excise realised by the occupier of a metallurgical factory, during any month such owner or the occupier as the case may be, shall submit to the Commissioner in duplicate a nil return for that month, accompanied by a certificate to the effect duly signed by him or any other person duly authorised by him in this behalf so as to reach the Commissioner not later than the last day of the month following the month to which the return pertains.

(3) Notwithstanding anything contained in sub-rule (1) or in sub-rule (2), if the Commissioner is satisfied with respect to the owner of any mine that no iron ore was produced or disposed of by him, or with respect to the occupier of any metallurgical factory that no iron ore or duty of excise was received by him, during the preceding twelve months, he may by a permit in writing allow such owner or occupier to submit in place of a monthly return a consolidated return in Form A or Form B as the case may be, for such period not exceeding one year as may be specified in the permit. The consolidated return so submitted shall reach the Commissioner not later than the last day of the month immediately following the period specified in the permit.

(4) A copy of rule (1), (2) or (3) shall be sent by registered post with acknowledgment due.

35. Penalty for delay in submission of returns.—If the return for any month or period does not reach the Commissioner within the time prescribed by rule 34 or the return is found contains any omission or wrong statement therein the owner of the mine or the occupier of the metallurgical factory as the case may be, shall be liable with fine which may extend to five hundred rupees.

36. Late return and revision of returns.—If the owner of any mine or the occupier of any metallurgical factory has not furnished the return under rule 34 within the prescribed time or having furnished it, discovers any omission or wrong statement therein he may furnish the return or revised return, as the case may be at any time after the order of final assessment under rule 39 or 41 as the case may be is passed.

37. Provisional assessment and payment of duty of excise.—(1) The amount of duty of excise payable by the owner of a mine for any month and recorded in the register prescribed by sub-rule (1) of rule 33 shall be deemed to be a provisional assessment of the duty of excise for that month and shall be subject to final assessment under rule 39.

(2) The owner of the mine shall pay the duty of excise assessed under sub rule (1) into the revenue treasury not later than the last day of the month following the month for which the duty of excise is payable.

(3) The duty of excise on the iron ore, as fixed under section 2 of the Act, payable to the occupier of a metallurgical factory, by the person by whom such iron ore is sold or otherwise disposed of to such occupier, shall be worked out by the said person and shall be deemed to be a provisional assessment of the duty of excise and shall be subject to a final assessment under rule 40.

Explanation.—In calculating the duty of excise payable, a fraction of less than half a tonne in the total of the iron ore sold or otherwise disposed of to the occupier of the metallurgical factory at a time shall be ignored and a fraction of more than half a tonne shall be reckoned as one tonne.

(4) The amount so worked out shall be paid by him to the said occupier, or shall be allowed to be deducted from his bill of payment, and the fact shall be intimated in a letter of advice in Form C and the same shall be endorsed to the Commissioner and despatched to him, along with a return in Form D, in duplicate, forthwith by registered post with acknowledgement due.

(5) The amount received or realised by the occupier of any metallurgical factory under sub-rule (4) shall be paid by him into the nearest treasury within a period of fifteen days of the realisation of the amount.

38. *Manner of payment of duty into treasury.*—(1) The payment into the treasury, of the duty of excise by the owner of a mine under sub-rule (2) of rule 37, or of the amount realised by the occupier of a metallurgical factory under sub-rule (4) of rule 37, shall be made by means of a challan, the remittance being shown as creditable to the Central Government under Major Head "II-Union Excise Duties—Iron Ore."

(2) The challan shall be filled in duplicate, a copy of which shall be retained by the treasury and the other copy returned to the depositor who will transmit it to the Commissioner as proof of payment along with the monthly return prescribed in sub-rule (1) after entering the number, date and amount shown in the treasury receipt in the copy of the return.

39. *Final assessment of duty of excise payable by owner of a mine.*—(1) (a) If the Commissioner is satisfied that the return submitted by any owner of a mine is correct and complete, he shall confirm the provisional assessment referred to in sub-rule (1) of rule 37 as final and send an intimation to that effect to the owner of the mine in Form E within ninety days of the date of receipt of the return.

(b) If the Commissioner is not satisfied, he may either depute an officer for the purpose of verification of the correctness and completeness of the return with reference to the books and accounts and other relevant records of the mine at its premises or issue a notice in Form F on the owner of the mine requiring him to submit a revised return which is correct and complete within such time to be specified in the notice.

(c) The officer deputed by the Commissioner shall be afforded all necessary facilities at the premises of the mine for the purpose of verification.

(d) If after verification of the return as aforesaid, or consideration of the revised return received in compliance of the notice in Form F, or if no such return is received within the specified time on the basis of the information in his possession, the Commissioner is satisfied that a further sum as duty of excise is due from the owner of the mine, he shall issue on him a Demand Notice in Form G requiring him the payment of the balance due within the time specified therein.

(2)(a) If the owner does not furnish a return in Form A for any month by the prescribed date in the manner laid down in rule 34, the Commissioner shall by issue of a notice in Form H require him to submit a return for that month within such time as he may specify in the notice. The owner shall further be punishable with fine which may extend to five hundred rupees as provided in rule 35.

(b) If upon information which has come with his possession on receipt of the return as aforesaid or otherwise, the Commissioner is satisfied that the owner has actually used iron ore for any purpose during the month and has thereby become liable to pay duty of excise under section 2 of the Act and also to pay the amount of provisional assessment on that basis by the last day of the month following the month in which he has used the iron ore, the Commissioner shall, after giving the owner a reasonable opportunity of being heard by the issue of a notice in Form I, assess the amount of duty of excise due from him which in his opinion is just and proper in respect of that month and issue on him a Demand Notice in Form J requiring the payment of the said duty of excise within the time specified in the said notice.

(3) The amount of duty assessed, the date by which the amount so assessed is to be deposited (which shall not ordinarily be earlier than 30 days from the date of issue of demand Notice) and any other particulars connected therewith shall be specified in the Demand Notice.

(4) The mode of payment into the treasury of the amount specified in Demand Notice in Forms G or J shall be the same as laid down in rule 38 provided that the copy of the treasury receipt intended for transmission to the Commissioner shall be forwarded to him with a covering letter quoting reference to the Demand Notice.

40. Final assessment of duty of excise payable by person selling or otherwise disposing iron ore to occupier of metallurgical factory.—(1) On receipt of intimation in Form C under sub-rule (4) of rule 37, if the Commissioner is satisfied that the amount of the duty of excise remitted to the occupier of the metallurgical factory by the person by whom the iron ore is sold or otherwise disposed of to such occupier, is the total amount of the duty of excise payable by him as fixed under section 2 of the Act, he shall confirm the provisional assessment referred to in rule (3) of rule 37 as final and send an intimation to that effect to the person concerned in Form K within ninety days of the receipt of the intimation in Form C.

(2) If on the basis of the information available to him in the returns in Form A or B or any other information which has come into his possession, the Commissioner is not so satisfied, he shall after giving the said person a reasonable opportunity of being heard by the issue of a notice in Form L assess the amount of duty of excise due from him which in his opinion is just and proper and shall issue on him a Demand Notice in Form M requiring the payment of the balance due within the time specified therein. He shall further be punishable with fine which may extend to five hundred rupees. A copy of the Demand Notice in Form M shall be endorsed to the occupier of the metallurgical factory concerned.

(3) The amount specified in the Demand Notice in Form M shall be paid to the occupier of the metallurgical factory by demand draft or cheque and the fact intimated to him in a letter of advice in Form N a copy of which shall be despatched to the Commissioner forthwith by registered post with acknowledgement due.

(4) The mode of payment into the treasury of the amount received under sub-rule (3) by the occupier of the metallurgical factory shall be the same as laid down in sub-rule (5) of rule 37 and in rule 38, provided that a copy of the treasury receipt intended for transmission to the Commissioner shall be forwarded to him with a covering letter quoting reference to the Demand Notice.

41. Final assessment of the amount payable by occupier of metallurgical factory.—(1) If on the basis of the information available to him in Form A or B or in the letter of advice in Form C, or any other information which has come into his possession, the Commissioner has reason to believe that any of the amount of the duty of excise realised under sub-rule (4) of rule 37 or sub-rule (4) of rule 40 has not been paid by any occupier of a metallurgical factory into the treasury in the manner provided in these rules, he shall, after giving the said occupier a reasonable opportunity of being heard by the issue of a notice in Form O assess the amount remaining unpaid and shall issue on him a Demand Notice in Form P requiring the payment of the balance due within the time specified therein. He shall further be punishable with fine which may extend to five hundred rupees.

(2) The mode of payment into the treasury of the amount payable under sub-rule (1) shall be the same as laid down in sub-rule (5) of rule 37 and in rule 38, provided that a copy of the treasury receipt intended for the Commissioner shall be forwarded to him with a covering letter quoting reference to the Demand Notice.

42. Recovery of duty of excise on iron ore which has escaped assessment.—If—

(a) the Commissioner has reason to believe that by reason of the concealment, by the owner of a mine or the person by whom the iron ore is sold or otherwise disposed of to an occupier of a metallurgical factory or the occupier of a metallurgical factory, of any particulars of any iron ore on which duty of excise is payable under section 2A of the Act, has escaped the levy of duty of excise; or

(b) notwithstanding any such concealment of particulars as is mentioned in clause (a), the Commissioner has in consequence of information in his possession, reason to believe that any iron ore on which duty of excise is payable has escaped levy of the duty of excise;

the Commissioner may in cases falling under clause (a) at any time within four years and in cases falling under clause (b) at any time within two years of the

end of the month during which the duty of excise should have been paid assess the duty of excise payable thereon and all the provisions of these rules shall apply to the duty of excise so assessed as if assessment were included in the final assessment order as provided under rules 39, 40 or 41, as the case may be.

Provided that the Commissioner, before exercising the powers conferred upon him under this rule, shall give the owner or the person by whom the iron is sold or otherwise disposed of to the occupier or the occupier, as the case may be, a reasonable opportunity of being heard.

43. Recovery of unpaid duty of excise and penalty.—(1) Any amount of duty of excise which remains unpaid after the date specified in the Demand Notice and any amount of penalty which is imposed or for violation of any of the rule framed under the Act shall be recovered from the owner of the mine or the person by whom the iron ore is sold or otherwise disposed of to the occupier of metallurgical factory or the occupier of the metallurgical factory, as the case may be, as arrears of land revenue and shall be credited to the Central Government as provided in rule 38.

(2) The Commissioner shall (in order to recover the unpaid amount of the duty of excise and also the penalty) apply to the Collector of the district in which the mine or the metallurgical factory is situated, or the person by whom the iron ore is sold or otherwise disposed of to an occupier is resident, as the case may be, for the recovery of the amount remaining unpaid.

(3) The Collector of the district shall send a report to the Commissioner by the 10th day of each month showing the amount recovered by him as land revenue during the preceding month.

44. Review.—(1) Within 30 days from the date of issue of a Demand Notice, any owner of the mine or any person by whom iron ore is sold or otherwise disposed of to the occupier of a metallurgical factory or any occupier of a metallurgical factory, as the case may be, may submit a petition to the Commissioner asking for a review of such assessment, provided that no such petition shall be entertained unless the Commissioner is satisfied that the amount assessed has been paid as required under rules 39, 40 or 41, as the case may be.

(2) Every petition for review shall be accompanied by a memorandum setting forth clearly the principal grounds of objections against the assessment made together with a copy of the treasury receipt or letter of advice in Form C or N, as the case may be, showing that the amount assessed has been paid.

(3) The Commissioner shall after verifying the fact of assessment from the record of his office satisfy himself as to the correctness of the grounds in the petition and if he finds that a *prima facie* error of judgment has been made shall issue an order either reducing or annulling the assessment.

(4) If on the other hand, the records in his office reveal that assessment has been made correctly, the Commissioner shall after giving the petitioner an opportunity of being heard, issue an order confirming the assessment. The order of the Commissioner shall be final.

(5) The Commissioner shall record his decision in writing.

(6) The petitioner shall be entitled to a copy of the Commissioner's orders on the petition for review free of cost and it shall be furnished to him as soon as possible after the orders are passed.

(7) So much of the duty of excise originally assessed upon and paid by the owner of the mine or the person by whom the iron ore is sold or otherwise disposed of to the occupier of the metallurgical factory or the occupier of the metallurgical factory, as the case may be, as is found not to be due from him as a result of review under sub-rule (1) shall be refunded to or adjusted in the account of the person concerned, as the Commissioner may deem fit on the basis of the orders on the petition for review.

(8) Any refund under sub-rule (7) shall be made in cross cheque by drawing the amount from the treasury on an ordinary contingent bill on which shall be specified the review case, number, date of review order and the number date and amount of treasury challan concerned.

45. Refund and recovery of duty of customs.—(1) Refund of duty of customs erroneously levied or paid and recovery of duty of customs short levied or erroneously refunded shall be made in accordance with the provisions of the Customs

(2) When it is proved to the satisfaction of the Central Government or of any person authorized in this behalf by the Central Government, that any consignment of iron ore once exported out of India, on which duty of excise under section 2 of the Act had been collected has actually been imported to India for whatever reasons, the Central Government or the Commissioner of Customs may order refund of an amount equal to the duty of excise so collected on such iron ore less the expenses for collection and recovery of the party to whom the duty of customs was previously collected, provided that the party concerned puts, in a claim for refund within three months from the month in which the particular consignment of iron ore, so reshipped back, reaches India.

46 *Temporary provision regarding refund to duty of excise of customs*—(1) When it is proved to the satisfaction of the Commissioner that a duty of excise or customs has been collected on any iron ore when a duty of excise has previously been collected under the Act before the commencement of the Iron Ore Mines Labour Welfare Cess (Amendment) Act, 1970, he may order refund to the owner of the mine from whom the duty of excise on such iron ore was collected on the earlier occasion of an amount equal to the amount collected on the earlier occasion less deduction of the cost of collection of the duty of excise as may be determined by him.

(2) The procedure laid down under the rule (2) of rule 44 shall be followed in making the refund of the amount under sub-rule (1).

47 *Liabilities of owner of mine selling or otherwise disposing of iron ore to occupier of itali giri factory*—In these rules, the reference to the person by whom iron ore is sold or otherwise disposed of to the occupier of the metallurgical factory shall be construed to mean the owner of a mine where such owner happens to be the person selling or handing over of the iron ore produced in the mine to occupier of the metallurgical factory and shall be liable as such.
